A Rundown On Brother Bob...

On the surface the Kennedy cabinet looks like one of the best collections of talent ever assembled in any group of Presidential assistants, with its high percentage of Phi Beta Kappa keys and cum laude degrees.

The group includes four ex-businessmen, three former governors, one ex-Congressman, the labor movement's top lawyer, and another who has already made a name for himself as a diplomat.

Now comes a look beneath the surface:

The President's brother, Robert Kennedy, falls into none of the above mentioned categories, yet he is already being referred to as "Assistant President."

There's a rundown on Brother Bob: aged 35, the second youngest attorney general in history, his academic record at Harvard and at the University of Virginia law school was undistinguished. No record of courtroom law practice, appeared briefly in government as counsel for the McClellan-Rockets Committee and as assistant counsel for the now thoroughly discredited McCarthy sub-committee.

Brother Bob's outstanding accomplishments have been as manager for Brother Jack's campaign for the Senate from Massachusetts, and as manager for Brother Jack's presidential campaign through state primaries, at the Democratic convention in Los Angeles, and on the national level.

Yet the attorney general selects for recommendation to the president the nominees for federal judgeships as well as the 91 U. S. attorneys, and the attorney general throughout the country. Of course, he is top boss of the Department of Justice, G-Men and all, with a total of 31,000 employees.

In short, he has the key position to build a personal political machine, and here's a prediction: In the next four years Brother Bob will build a political machine that will overshadow the best handwork of Mark Hanna. It will reach into every city and county in the country, including Coffee. The groundwork is being laid to perpetuate the dynasty.

But history seldom develops according to the plans of rulers. King Charles II of England was a benevolent king, ruled by his brother's benevolence, and paved the way for his brother King James II whose assassins were such that he was given a free one-way ride out of the country, by agreement of the leaders of both major political parties in Parliament.

History does have a way of repeating itself.

22 YEARS AGO—

FROM OUR EARLY FILES

A copy of the Elba Weekly Herald, dated April 24, 1919, is a favorite relic owned by M. C. Wilkinson of Rt. 1, Jack, who received it from his father-in-law, G. W. Wambles.

Here are a few of the news items which bear interesting reading today:

—NO MORE WARS—

"Germany never again will make war on any of the Allied nations. The League of Nations will in a few years make war impossible. Armaments will become negligible and the supremacy of any one nation will be a thing of the past." These are a few of the things predicted by Major General Sir Frederick Maurice, former director of military operations in the British war office.

BOLSHEVIKI SURRENDER

The first Bolsheviki army operating in the region of Homel, along the Pripet river, has surrendered to the Ukrainians, according to a statement issued by the Ukrainian Press Bureau and forwarded from Vienna to the Central News.

PIG FOUR WATCHING

With Bolshevism spreading rapidly over Austria, the Big Four are watching the situation with much anxiety.

BUSINESS FAILURE

A business failure died in New York the other day, a man who busted after three months of business life but who was game enough to try the idea again. It was so good that when he died he was operating 1,050 stores throughout the United States and has built the highest building in the world. The man's name was F. W. Woolworth. Last year his five and ten cent stores did a \$100,000,000 business. Other business failures might note the mark made by this man, and take another grip on the handle of success.

HUNS TO KNOW FATE

The Allied and associated governments have informed the German government through General Nudant at Spa that they are ready to receive the German delegates at Versailles April 28.

THIS APPLIES TO ELBA

Thirty-five years ago Richard W. Sears, the founder of Sears Roebuck and Co., was employed as a telegrapher and express agent by the Minneapolis and St. Paul railroad. When he died a few years ago, he left a fortune estimated at \$25,000,000. Sears sales run over \$150,000,000 with nearly 10,000,000 customers.

We have cited only one of many concerns that are taking business which rightly belongs at home. How are they doing it? By sitting down and folding their hands in a "Well, what am I going to do about it?" attitude.

They do not advertise but once a year and then sit down and pray that business will be better than it was last year. They are constantly advertising. They create a demand and then fill it.

NO MEXICAN BOOZE

Mexico is planning to aid the United States in its efforts to enforce the dry law. When the federal prohibition became effective in the United States on July 1, Mexico probably will have in operation a law prohibiting the sale of intoxicants within the territory extending 10 miles inward from the border. Transportation of intoxicants through the zone will be prohibited.

LEGAL NOTICES

NOTICE OF APPOINTMENT OF ADMINISTRATOR

In the Matter of the Estate of B. M. Nelson, Deceased.

Notice is hereby given that the undersigned has been appointed administrator of the estate of the said decedent by the Honorable J. O. English, Judge of the Probate Court of Coffee County, Alabama, and that all persons holding claims against said estate are required to present the same within the time required by law or that the same will be forever barred.

ROY G. SIMMONS, Administrator.
1-19, 1-28, 2-2, 1961

NOTICE TO CONTRACTORS

Sealed proposals, containing title of work, name of the bidder and the date of presentation on the cover, for construction of sanitary sewerage improvements will be received by the City Clerk of Elba, Alabama, at his office in the City Hall until 7:00 o'clock, P.M., Central Standard Time, Feb. 6, 1961.

The principal items of work showing the approximate quantities are as follows:

8" V. C. Sewers 37261.8' Standard Manholes 15 Ea. Sewage Pumping Station 1 Ea.

Pressure Pipe Line 640 LF.

Prices named in the proposal will be considered to include all labor and materials necessary for the incorporation of all materials into the work as shown by the attached plans and specifications, and the use of all tools, machinery and equipment of every name and description that are used in carrying out plans and specifications under contract.

No bids will be received after 7:00 P.M. o'clock, Central Standard Time, February 6, 1961, after which time they will be publicly opened and read at the City Council Meeting, and then presented to the Engineer for tabulation and comparison.

The City Council reserves the right to hold the bids for at least sixty (60) days before awarding the Contract for the above work. The Contract will be awarded to the lowest bidder with adequate security, the adequacy and sufficiency of the security offered to be determined by the City Council.

Plans and specifications may be inspected in the office of the Engineer, Foot of Hurst Street, P. O. Box 1112, Mobile, Alabama, and may be obtained.

MEDICINES NOW ARE MORE HELPFUL

Not so long ago we had very few drugs that could always be depended upon to give positive help. Usually, relief from pain or discomfort, till the disease subsided, was the expected help.

But, now we have potent medicines, obtained only after a physician's examination and by his prescription, which really offer prompt relief and usually a speedy cure. It is now unnecessary to suffer from any repeated discomforts or pains.

Gets Flight Surgeon Wings...

PENSACOLA (FHTNG)—Navy Doctor Lt. Morgan J. Moore, son of Mr. and Mrs. William M. Moore of 712 W. Third St., Laverne, Ala., has his "Flight Surgeon Wings" pinned on by his wife, the former Miss Betty J. Wise of Kinston, Ala. The ceremonies took place Dec. 19, at the Naval School of Aviation Medicine, Pensacola, Fla. Before entering the Navy in April, 1957, Dr. Moore was graduated from the University of Alabama at University.

4-H NEWS Round-up

BY TOM CASADAY • ASSISTANT COUNTY AGENT

4-H Council Meets
Jerrice Pynes of the Pine Level 4-H Club was elected president of the Coffee County 4-H Club Council last Saturday. The council meeting was held in the Annex of the First Baptist Church in Elba, and fifty presidents, vice presidents and county council representatives attended. Rexal Moore, Basin 4-H Club, was elected vice president.

The presidents and vice presidents met to make major plans for 4-H Club activities in 1961. The officers were divided into seven groups and each group was assigned an activity to plan. Other officers elected were Sara Noel, Matthews, Goodman Club, Devotional Leader, Linda Wood, Kinston Club, Secretary, Ann Wise and Trenton Smith, New Hope Club, Song Leaders; Ed Cowen, Curtis Club, Reporter. Jerrice Pynes succeeds Carrel Wyatt, Fairview, as Council President.

Zion Chapel Elects Officers

New officers of the Zion Chapel Senior 4-H Club elected early this week are as follows: Presidents, Sue Chancelor and Charles Jackson; Vice Presidents, Jean Wilkerson and Billy Ziglar; Secretaries, Dianthe Smith and R. P. Boutwell; Song leaders, Linda Carr and Charles Fair; Devotional leaders, Carolyn Husey and Franklin Wilkes; Reporters, Ray Nell Swain and Jerry Stinson; Game leaders, Dot Wilkerson and Hugh Goodson.

Pruning Peach Trees
When pruning a peach tree, try to develop three to five good strong limbs that are growing outward. Keep the center of the tree open. Most peach trees should be pruned back to about shoulder height to a man.

January is a good time to prune, but don't wait too late to do this job. We have bulletins in the County Agent's office and if you will send us a card we will be glad to send you one.

there are things that we have to be careful about. One is letting fire out of control. In a few weeks now the March winds will begin and it is some times hard to control a fire. And even when the wind isn't blowing we need to be very careful in starting fires. Be sure to have enough help to do the job safely.

4-H's Learn How To Prune Trees

The New Hope Senior Boys held a regular meeting in the Eighth Grade room, Wednesday, Jan. 9, called to order by Norman Parrish, president.

Trenton Smith led in songs in the absence of Claude Bell and led the pledges. Arnold Miller called the roll and read the minutes. Mr. Grayday gave a demonstration on "Pruning Fruit Trees."

Let no one think the winter is about over, Mr. Smith said. His records show that February is usually almost as cold as January and that freezing temperatures sometimes continue until the middle of March.

Brockton Cagers Keep Up Win Streak At Arton, 66-40

New Brockton's flashy Gamecock cagers, winners of 12 straight games, rolled to another victory Friday night in Arton when they soundly trounced the Purple Cats, 66 to 40. Again, it was the hard-hitting combo of Charles Clark and Tommy Steele that paced the New Brockton attack. The two 6 ft. 3 inch stalwarts combined to score 50 of their team's 66 total.

Steele, a junior forward, led the attack with 26 markers, closely followed by Senior Clark with 24. Atkins followed with 6 in the scoring column, which was rounded out by Lunsford with 4, J. Lunsford, Moor, and Pittman with 2 each.

For the losers, Larry Ezell was the big man, scoring 11 points in a losing cause. The New Brockton Bees continued their successful ways, taking the Bee battle to the tune of 40 to 29.

20,000 Pine Tree Seedlings Donated To Members of 4-H

"How To Plant Pine Trees" will be the topic for a demonstration with the Junior 4-H boys later this month.

The International Paper Company at Elba is donating 20,000 pine seedlings to some 200 4-H club members in Coffee County. The older boys know how to plant, but the younger ones haven't seen the demonstration.

Some of the important things to do to insure a good stand are as follows:

1. If the seedling can't be set out right away the roots should be covered with soil and water.
2. When ready to set, place the seedlings in a bucket that has about six inches of water in it. Add two or three handfuls of clay to the water and mix.
3. A dibble is the best tool to use to make the opening in the ground; however, a "short" or "scoop" may be used.
4. Make the opening deep enough to allow the root to go to the bottom of the hole.
5. Don't let the root turn up at the bottom.
6. After placing the root in the opening, be sure to pack the dirt. If there are pockets of air around the root, it probably won't live. Unless a big rain comes soon after planting, rain comes soon after planting.
7. If there is plenty of moisture in the ground, extra water will not be needed.

Tuesday Is Last Day To Pay Poll Taxes

Only one week remains for paying poll taxes for the current year. The books will close on February 1.

While 1961 is not an election year and no elections are scheduled at the moment, it is very likely that an election will be called as the result of some legislation to be passed by the State Legislature during this session. Persons who have failed to pay their poll taxes by February 1 would be ineligible to vote in such an election.

Poll tax payments are required of all persons between 21 and 45 years of age who register as qualified electors and who intend to vote in coming elections. The only exemption is for veterans who have qualified for exemption.

Poll Tax payments are \$1.50 per person per year with a maximum payment limited to two years.

The Tax Collector's office is open each day from 8 a.m. to 4 p.m. except for Wednesday afternoon.

It Has Been a Long Hard Winter So Far

You're right! It has been a long hard winter. Already this January has had more night-time freezing temperatures than all of January, last year.

J. Drayden Smith, who keeps weather records as a hobby, said yesterday that December this winter was about on a par, temperature wise, with December of the year before.

But there were 12 freezing temperatures between Jan. 1 and Jan. 22, this year, compared with only 10 freezing temperatures in the entire month of January, last year. The coldest night so far this year was 18 degrees last Saturday night.

The project will cost approximately \$32,000. The grading and drainage will be done by county forces and equipment by negotiated contract with the State Highway Department, paying \$7,250.00, or half of the cost.

The base and pavement will be let by SACP County Contract with the participation being \$8,000, by the Highway Department and \$9,250 by the county.

The paving of this project is part of the regular Farm to Market program whereby improved roads and bridges are being replaced and improved to higher standards to serve the local people.

The regular program provided by law and the Special Aid Program as granted by the Governor and the Highway Department will be the means for the construction of 1000 miles of county roads and bridges within the State during each year of the present administration.

Coffee County will construct its proportionate share.

This is the first administration that has entered into an agreement with the State for covering the grading of special funds for road and bridge improvement on the County road system.

Three Cars Pile Up Behind School Bus Unloading Children

Two cars stopped for a school bus on Kinston Highway, within city limits, Monday at 2:15 p.m., were rammed from the rear by a third car which failed to stop in time, according to investigation of city police.

A car driven by Oliver Williams, insurance man, was stopped behind the bus while next behind Williams was a car operated by Cecil Pope, of Rt. 2, Elba, also stopped waiting for school children to alight.

Then a car driven by Enory Corbett, of Elba, ran into the rear of Pope's car which, in turn, rammed the rear of Williams' car.

No one was injured and no arrests were made.

Rev. J. F. Lindsey To Go To Jamaica

Rev. John F. Lindsey of Enterprise will leave Saturday, January 28 for a two week preaching mission to Jamaica, British West Indies. The members of the Hillcrest Baptist Church are sending their pastor on this preaching tour as part of their contribution to world missions.

Rev. Lindsey will leave Miami with about 30 other Southern Pastors. The group will be under the direction of Dr. Gen. M. Williams of Houston, Texas.

Rev. and Mrs. Lindsey are both natives of Elba and their parents still live here.

New County 4-H Council Officers...

Newly elected officers for the Coffee County 4-H Club Council are left to right: Sara Noel, Matthews, Goodman, Devotional Leader; Ann Wise, New Hope Club, Song leader; Trenton Smith, Coffee County, vice president; Linda Wood, Kinston, secretary; Ed Cowen, Curtis, reporter.

Identity Of Driver In Car Crash Turns Into A Puzzle

Buttont! Buttont! Who's got the car? The old parlor game of "who's got the car?" is similar to the problem which will face Justice of the Peace W. H. Haire at a hearing Friday at 10 a.m. when he tries to decide who was driving an automobile which crashed into the home of Rev. Duane Lett, pastor of the Church of God.

An automobile turning out of Clark Street into Adams Street late Friday night crashed into the rear of the stone house of Mr. Lett and shoved a part of the stone wall into the bathroom with damages of at least a thousand dollars.

The car sped away but Elba police under Night Chief Herman Driggers finally trailed it to Basin where it was found abandoned. A checkup on the license showed it was owned by Jimmy Barton of Rt. 2, Opp.

However, Barton said he had lent the car to Thomas Crabtree, his brother-in-law, formerly of Perry's Store and recently of Pensacola. When Sheriff H. E. Tillman went to serve a warrant on Crabtree, he said the car was being driven by Bobby McKee, on a warrant issued by Judge J. O. English, his brother-in-law, formerly of Perry's Store and recently of Pensacola.

John Brown Named County Engineer To Succeed Mullins

John Brown, county engineer of Barbour County, was employed as county engineer of Coffee County by the Board of County Commissioners this week with Judge J. O. English presiding and Commissioners Whitman and Bowden present.

Commissioner Brown attended the meeting but withdrew during discussion of the employment of the new county engineer who is his brother, John Brown will fill the vacancy created by the resignation of Leslie E. Mullins.

Ellis Brazelton resigned from the County Equalization Board and the County Commission recommended T. M. Stroud to the State Board of Revenue as Brazelton's successor. The selection is made by the state board.

Contrast for installation of two toilets in the remodeled Elba Court House was let to Dothan Tile Co. for \$1,035.

TIME IS SHORT

Alabama high school seniors have only until Saturday, Feb. 4, to register for the American College Testing Program, according to William F. Adams, Regional Coordinator for the Southern States.

Mr. Louise Clark and daughters, Sara and Nancy, visited relatives in Montgomery and Elmore over the weekend.

KENNEDY EATS LORSTER

Members of the Roman Catholic Church in the Washington diocese had a dispensation from the bishop to eat meat last Friday because it marked the inauguration of John Fitzgerald Kennedy for President.

However, the President ate lobster at the inaugural luncheon.

Dedicated To Development of Elba and Coffee County

Church Background To Ship Seizure Is Told To Club Here

A bit of background to the seizure of a Portuguese ship in the Caribbean was supplied Tuesday to the Elba provision.

at Rotary club by Miss Constanca Costa of Portugal, who is a student at Troy State College.

Miss Costa was one of three students from foreign countries who appeared before the Rotary Club in company with Ted Hammond, coordinator of student activities at TSC. Others were Luis Palacio of Colombia, South America, and Homero Kinkaid of Iran.

Miss Costa explained that in a recent election in Portugal, Dictator Salazar, a Catholic in a nation 98 per cent Catholic, won over Gen. Humberto Delgado, a Protestant, who then fled to the count. She said that Delgado had overruled migs against him because of his Protestant religion, and went to Brazil.

The same day Elba Rotarians were reading in newspapers about the seizure of the Portuguese cruise liner Santa Maria in the Caribbean sea under a leader identified as Henrique Milla Galvan, 66-year old, ex-army captain, novelist, playwright and big game hunter.

Messages from the ship quoted Galvan as saying the action was taken "in the name of the international union of liberals predated over by Gen. Humberto Delgado, president of the new Portuguese Republic, fraudulently depriving rights by the Salazar government."

The provisional Rotary club in Elba has been meeting for several weeks with Robert Marsh as president and it was announced at Tuesday's meeting that enough members have signed to obtain a charter which will be asked of International headquarters in Chicago within the next few days.

Emergency Aid Has Agency Meeting In Southern Division

Emergency Aid Insurance Company held its annual Southern Division Agency Meeting at Pledge's Restaurant Monday, Jan. 23.

A majority of the local firms South Alabama agents was present and heard an inspiring address by Edna Dale, prominent insurance executive, District Manager for Guaranty Savings Life Insurance Company and holds many of her Company's outstanding production and achievements awards.

The meeting was keyed to enthusiastic prospects for 1961, and plans for a first quarter production contest were presented.

A similar meeting will be held in Albertville this week for the Company's agency personnel in the Northern Division.
